Moodle Alap Schedular

Summary

Moodle alap schedular plugin is an activity module plugin where teacher can easily communicate with his/her students by giving his/her free time in calendar. Student can see those available times and booked that session and can discuss with teacher via Zoom (if zoom credentials given).

This plugin will help to better communication between teachers and students in the course.

Features

- Teacher's available time in calendar
- Book slots by student.
- Zoom meeting facility inside Moodle component.
- Notification in Moodle and email when student book the slot.
- Different meeting links can be added by teacher such as google meet.

Installation

Install by downloading the ZIP file:

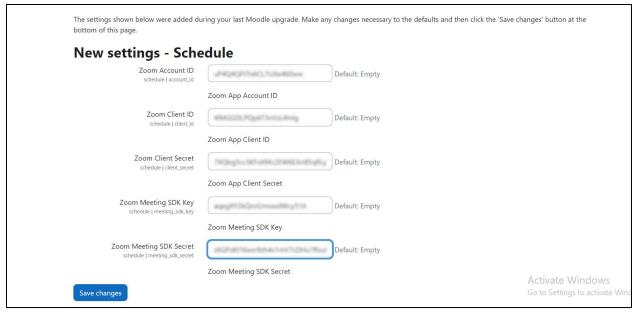

- Download zip file.
- Unzip the zip file in /path/to/moodle/mod/schedule folder or upload the zip file in the install plugins options from site administration: Site Administration -> Plugins -> Install Plugins -> Upload zip file
- In your Moodle site (as admin), Visit site administration to finish the installation.

Configuration

After installing the plugin, you can enable the plugin by configuring the plugin settings: For obtain zoom credentials you must create an account in zoom marketplace.

- Get Zoom account id, client id, client secret from https://marketplace.zoom.us/ (server to server oauth app)
- Get Zoom meeting sdk key and sdk secret from https://marketplace.zoom.us/ (zoom meeting sdk app)

Settings

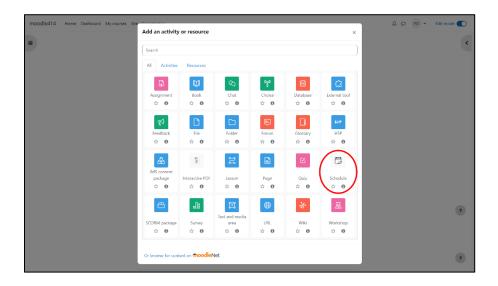

To update the plugin settings, navigate to plugin settings: Site Administration->Plugins->Schedule

- Go to the Site Administrations plugins section.
- Select Schedule from the activity module section to configure your plugin settings.

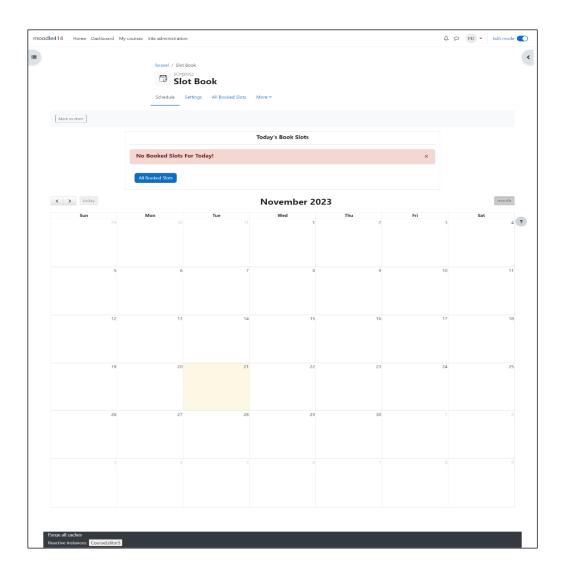

How to Use

Adding this activity module plugin in Course:

• Go to the My Courses in navigation, enter the course and enable edit mode then click 'Add an activity or resource'. Select "Schedule" from the list and add this.

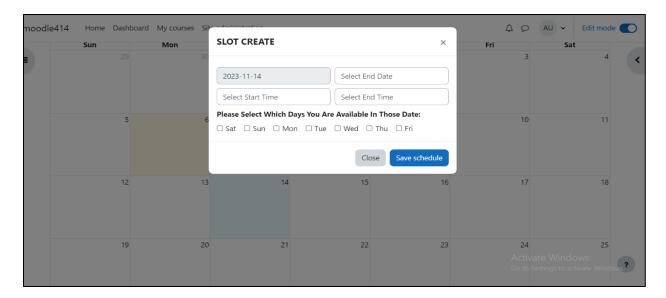

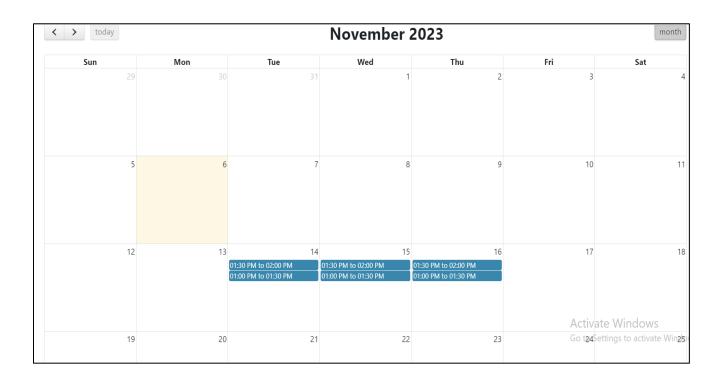

Creating Slot by Teacher:

• Teacher can create slot by clicking any date in calendar. After clicking date that day will be set as start date and a modal will pop up where he can choose the end date. Also start time and end time indicate his available time and days indicates in which days he is available.

• Display creating slot in calendar.

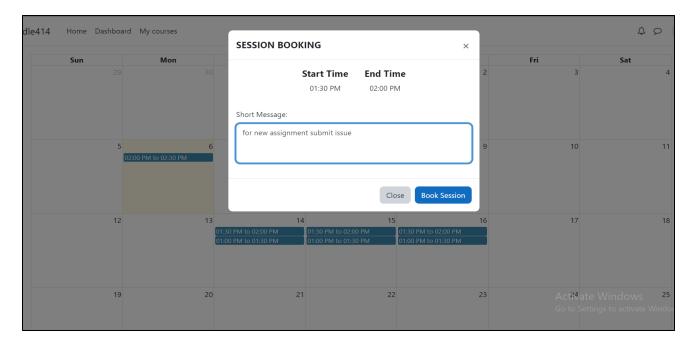

Booking Slot by Student:

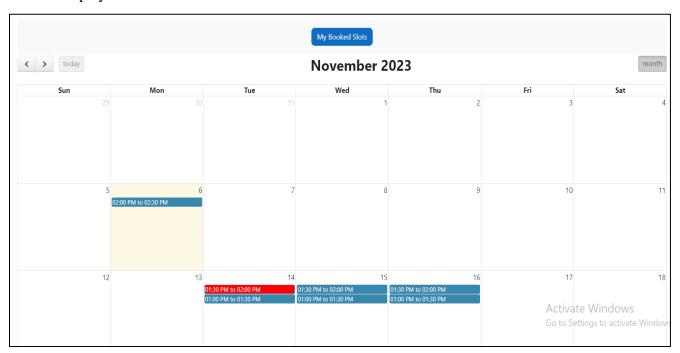

• Student can book a slot by seeing the available slot which is blue in color and clicking that slot a modal window appears where he can see the slot timing and short message if he/she has any. After clicking book session button, the session will get booked after showing a loading spinner and booked slot color will be changed from blue to red.
